

## LOUISE CURTIS A WINNER'S STORY

**Winner of the 2013 ACT Business Owner Award.**

In 2008, Louise won a stack of business awards for her hamper company, Hamperesque. But not satisfied with having just one award winning business to her name, she invested her prizes into starting another.

That business was Lollypotz, a 'Chocolate Florist' that now has 27 franchises across Australia and New Zealand – selling more than 253,000 gifts last year alone.

Despite the rapid growth, Louise remains the sole director, managing the franchise system, administration, finance and growth strategy of a business that at one stage was opening a new franchise every two weeks.
